City of Aurora Official Notification

An ash tree located on the public Right of Way, (area between the sidewalk and the curb line) at the address listed below, has been found to be infested with the Emerald Ash borer insect. It has been marked and will be removed within the next 60 days by the City of Aurora at no cost to the resident. The tree stump will be removed at a later date.

Ash Trees located on private property or common areas are the maintenance responsibility of the property owner or Homeowners association.

The following signs indicate the presence of the Emerald Ash Borer insect in the tree.

- *Top portion of tree is dead or dying
- *Bark splitting
- *D shaped Exit Holes
- *Woodpecker Damage (Holes)

Address of Tree: _____

Date Notified: _____
